

AUSTRALIAN MATHEMATICS COMPETITION 2018

In 2018 we are offering students the opportunity to be involved in the Australian Mathematics Competition on Thursday 9 August, as an enrichment component of our school program. This competition is not compulsory and Aranda Primary School recognises that this competition is more suited to some students than others. Families should feel under no obligation to enter. Full assessment in these curriculum areas is part of our ongoing assessment program at Aranda and is not dependent on these test results.

The Australian Mathematics Competition will provide an opportunity for all students who participate to gain a measure of their own achievement in an external assessment situation. To assist both students and parents, there are selected practice problems available for download from the AMT website. AMT publications and past papers may also be purchased.

This testing is non-compulsory and only those who return the form with payment will participate. No late entries can be accepted.

Tricia Butters

FORM DUE TO FRONT OFFICE by 3:30pm on Friday, 8 June 2018
