

Aranda Primary School

# Student Survey

## Information for students and their parents and carers

Along with the annual School Satisfaction Surveys, Aranda is participating in an initiative called KidsMatter Primary to further improve the mental health and wellbeing of students at our school. While the Satisfaction Surveys are for Years 5 & 6 students, KidsMatter Primary is suitable for all ages.

The survey asks for student's views about aspects of the school that relate to supporting student mental health and wellbeing. We expect that it will take about 10 minutes to finish.

Student's responses are completely anonymous and it will not be possible to identify them from their answers. The information they provide will be stored electronically in a password secured database, in accordance with the Australian Privacy Act 1988.

Only summarised results are available and will be used by the school to assist with school planning. These results may also be used to inform the national development of the KidsMatter initiative. Please feel free to discuss with your child's teacher any questions you may have about this important classroom activity.

Having your child complete this anonymous survey is entirely up to you. Please feel free to discuss any concerns you may have about completing this survey with Bob Bannister.

If having read the information above you do not want your child/ren to participate in this voluntary survey please contact the front office by the 17 August 2018 so that we can exclude them from the survey

Thank you for your support.

Phil Gray  
Principal
