

2020 Voluntary Contributions

Dear Aranda Primary School Parents and Carers,

2020 has been a year like no other. The Aranda Primary School Board recognises the hardships and the physical and mental strain that this year has caused all of our community.

Due to this year's turbulent times we made a decision to withhold the voluntary contributions request but our community, like every year, continues to surprise us. Many families have expressed a desire to support the school and our children via voluntary contributions and as such outlined below is how you can do that.

Our wonderful teachers and exceptional staff around the school have faced challenges this year like no other and I am sure you all agree with me when I say that Aranda Primary School as a collective has done an incredible job and our children are the obvious benefactors. Please consider contributing back to the school via voluntary contributions.

Voluntary Contributions remain the same as last year - \$200 for your first child and \$100 for every child thereafter with a recommended cap of \$400 per family. Contributions can be paid incrementally throughout the remainder of the year or as a one off payment.

Contributions can be made to a General Fund, the Library Fund or Building Fund. However, the Library and Building Funds are tax deductible. This year the school is looking to increase the funds available in the building fund. To pay the 2020 voluntary contribution, please return the attached 2020 Voluntary Contributions Confidential Payment Record, and make payment using one of the available payment options.

For additional information about how contributions are used, please visit the school board section of the website http://www.arandaps.act.edu.au/our_school/school_board.

Thank you for your ongoing support of our wonderful school.
